## Getting Started

- **Connection:**

Connect the device audio connector to compatible audio devices and put the earmuffs on. The device is now ready for use.

### 3.5mm type

### USB type

### NOTE:

Please lower audio volume before music playback. Excessively loud music may seriously damage human hearing system.

- **Volume Control:**

Press **VOLUME** buttons (PHS3/PHS4) or slide the **VOLUME** switch (PHS1/PHS2) located on the control panel to adjust volume.

- **Microphone Mute Function (PHS3/PHS4 Only):**

Press **Mute** button located on the control panel (LED indicator is highlighted in blue) to turn the microphone function off. Press the button again to resume.

## Technical Specifications

Model Name	PHS1/PHS2	PHS3/PHS4
<u>Microphone</u>		
Dimensions	Ø 6.0X5.0mm	
Impedance	2.2KΩ	
Voltage	3.0V	
Frequency Response:	30Hz-16000Hz	
<u>Speaker</u>		
Diameter	Φ 40mm	
Frequency Response	20~20kHz	
Impedance	32Ω±15%	64Ω±15%
Maximum Output power	40 mW	20 mW
Connection Type:	3.5mm jack	USB
