Getting Started

USB Receiver

- Remove **Battery Compartment Cover**.
- Take out the receiver from its storage slot.
- Insert the batteries as indicated on the diagram.
- Place the battery cover back. Make sure it is securely locked.
- Slide the power switch to **ON** position.

Establishing Connection
- Turn on PC or notebook.
- Insert the USB receiver into any of the USB ports on PC or notebook.
- The receiver device will be auto-detected and installed.
- The device now is ready for use.
