Device

Overview

Getting

Started

1. Connect USB cable or eSATA cable into appropriate slots on Notebook or PC.
2. Connect Power Adapter to both device and power socket.
3. Turn on device by pressing the Power Button.
4. The device now is ready for use.

NOTE:

Please turn off power before unplug USB cable or eSATA cable. Failure to comply may result in damages to device.

Cautions

- Do not attempt to disassemble or alter any part of the device that is not described in this guide.
- Do not place the device in contact with water or any other liquids. The device is NOT designed to be liquid proof of any sort.

- In the event of liquid entry into interior of device, immediately disconnect the device from the computer. Continuing use of the device may result in fire or electrical shock. Please consult your product distributor or the closest support center.
- To avoid risk of electrical shock, do not connect or disconnect the device with wet hands.
- Do not place the device near a heat source or directly expose it to flame or heat.
