What's needed:

- USB-cable

Here are the steps you should perform to update your device.

1. Copy and paste the **update.zip** file into your internal storage root folder
2. Switch off your phone
3. Press and hold Volume- and Power button, release Power button after the device turns on.
4. Wait until the phone goes to the green robot screen and press Power button.
5. Use Volume- button for navigation Volume+ to confirm the selection.
6. Select **apply update from sdcard**
7. Select folder **media/**
8. Select folder **0/**
9. Select **update.zip** file, confirm with Volume+ button
10. After the system installs all necessary updates, select **reboot system now**
